

GRADELY

A+ Online Tutoring for Your Child's Needs

Tutoring on **Gradely**

At Gradely, our tutors help your child by first identifying their problem areas using our very thorough pretesting process, and then giving them targeted tutelage devised to solve those problems.

In addition we recommend practice questions and video lessons on the Gradely app daily to give your child a well-rounded learning experience.

Our Plans

We have a wide array of tutoring plans to help you find what works best for you and your child.

Whether in group or 1-on-1 tutoring classes, our tutors ensure that your child is given the attention and supervision necessary for them to be the best student that they can be.
